DISCOVER BIBLE SCHOOLS

Options for you and your church.

The **Discover Bible Schools** programme is operated by the Adventist Discovery Centre. It is a scheme designed to assist the members or local congregation to make use of ADC correspondence lessons in local evangelistic witness. It is a co-operative ministry in which the ADC links hands with local people to achieve mutual goals.

The DBS programme is available in two operational schemes:

1. DBS 60

This option is for the church that wishes to make use of our Bible lessons with their own members and contacts. The church works through a DBS Sponsor who liaises between the church and the ADC.

How It Works:

We supply lessons to the Sponsor on a 'drip feed' basis as students' progress through their chosen courses. **Lessons are supplied free of charge in return for student data. Lessons are marked, records maintained and certificates issued by the ADC.**

2. DBS 100

This is a scheme by which a local church may run a school autonomously. **Supplies of lessons may be purchased from the ADC at FULL cost. All marking, maintenance of records and issuing of certificates is the local responsibility.**

In each case above:

The ADC requires a formal registration approved by the Church Board and/or pastor. All DBS programmes are part of the ministry of the ADC and should not be perceived as a competitor to the regular ADC Correspondence method.

For further information:

The contact person at the ADC for all DBS ministry is Mrs Ann Holness. You may contact her by e-mail on aholness@adventist.uk or in writing or by phone 01923 672606

Yours sincerely

Maureen Rock
ADC Director
